- **Bachelor's in Information Technology**
Chandigarh Engineering College, Mohali
Session: 2021-2025 | Score: 7.71 CGPA

About Me

Driven by a strong passion for crafting innovative and user-friendly websites, I bring hands-on experience in building and maintaining responsive web applications using HTML, CSS, and JavaScript. With a keen eye for detail and a dedication to seamless user experiences, I excel in creating visually appealing and functional websites that meet modern standards.

Professional Experience

InternsElite | Front End Web Developer

July 2023- September 2023

Key responsibilities:

- Participate actively in company-provided learning opportunities to continuously enhance skills and knowledge.
- Contribute to ongoing projects or initiatives by diligently completing assigned tasks.
- In a technical role, utilize your knowledge and skills to effectively solve problems.
- Analyze issues, propose solutions, and overcome challenges to contribute to project success.

Projects

● Clothsy | Front End Developer

Environment: Windows

Language/ Database: HTML, CSS, JavaScript

Team Size: 1

- Launched and optimized an e-commerce platform for clothing, driving increase in online sales and enhancing user experience through advanced search and personalized recommendations.

● Builderz | Front End Developer

Environment: Windows

Language/ Database: HTML, CSS, JavaScript

Team Size: 2

- Developed Builderz, an e-commerce platform connecting civil engineers with clients globally. Implemented interactive project galleries, detailed service descriptions, and user-friendly contact forms to boost user engagement and client interaction. Collaborated closely in a small team to ensure a responsive and intuitive user experience.

Achievements & Co-Curricular Activities

- Participated in SIH(Smart India Hackathon) in 2023.
- Participated in coding events in 2022 and 2023 at college level.
- Co-ordinate the Parivartan Inter College Youth Fest in 2022
